

What is a Dollar Worth to You?

Your dollar is worth more than you think. The Deduct-a-Buck program helps build relationships with lawmakers. Stand with millions of members across the country to protect the credit union movement.

Support Your Credit Union through Deduct-a-Buck

Credit unions are member-focused and community minded. They're not about profit, which means the money they make is shared with local communities and members like you. By contributing to the LSCU Fed PAC – a non-profit, bi-partisan organization that raises funds to support pro-credit union candidates and promote good government on behalf of credit unions at the Federal level – you:

- Help protect your right to continue using your credit union as your financial institution.
- Help protect the lower interest rates on loans, reduced fees, and higher rates-of-return on savings offered by your credit union.
- Stand with millions of credit union members in supporting leaders who will protect your right to belong to a credit union.

I want to help protect what my credit union offers to me as a member! By checking one of the items below, signing my name, and returning it to my credit union, I agree to contribute the following:
